

SCHOOL NOTES

CADET CORPS The Cadet Corps has been very active this term, completing the year's training syllabus and taking part in various parades. Early in the term it made a smart showing in the Sherbrooke Victory Loan Parade; on V-E Day it paraded in a downpour to the Thanksgiving service held on the Bishop's University campus; on the evening of the 24th of May it took part in a display by local units of the Royal Canadian Army Cadet Corps in the Sherbrooke Arena. In this show the junior cadets put on an exhibition of guard mounting, and the entire Corps went through the ceremony of Marching On the Colours. To those of us who so often see the Corps in training at the School and, perhaps, are inclined to take its smartness and efficiency for granted, it was a matter of pride to see the unit in direct comparison with other Corps. Inspection Day, postponed from May 16th because of bad weather, was held on June 4th, Col. K.M.Holloway, O.B.E., Director of Royal Canadian Army Cadets, inspecting. Major E. de L. Greenwood, Chairman of the Board of Directors, was present and made the following awards: best Platoon Officer, R.W.Stevenson; best N.C.O., A. Mackenzie; best Cadet, J. Skelton; best Recruit, J. Scholes. While the illness of Lt. W.H.Fisher necessitated the training for the greater part of this year being in the hands of various instructors, and more responsibility being thrust on the officers, the lasting influence of "the Sergeant's" instruction was most apparent on Inspection Day, and Old Boys will be glad to hear that Lt. Fisher was well enough to attend the parade.

CRICKET The First Cricket Team, Captained by Jim Sewell, consisted of: Brig Day, Jock Ford, Les Gault, Bill Price, Hartland Price, Robin Pitfield, Peter and Bill Satterthwaite, Vic Bennett and Ian Cox. It played two matches, the first in Montreal against "Wanderers", losing 80-42, the second against Ashbury's first team at B.C.S., losing by 62-61 and an innings. There was no L.C.C. Match this year.

The Under XVI Team played two matches against L.C.C.. winning the Montreal match by 35-29, and the Lennoxville match by 27- 3 (!) in the first innings; in the second innings L.C.C. got 43 runs, and B.C.S. retired after making 27 for 5 wickets down.

TRACK A School team competed in the Sherbrooke Track Meet on May 26th and won it, gaining a decisive total of 102 points against the 73 accrued by the nearest competitor, Sherbrooke High School. The B.C.S. Webster tied the Junior Relay Team set a new mark for the meet, and Intermediate High Jump record.

CHOIR The School Choir sang a Morning Service in St. George's Church, Matthias Church, Westmount, where a Sunday morning service at which it sang was attended by large congregation. On V-E Day the choirs of the village, including that of the School, were massed under the direction of Mr. Page at the Thanksgiving Service at Bishop's University.

PLAYERS' CLUB On April 19th the Players' Club performed Shakespeare's comedy "Twelfth Night" to a record house, including many students from Compton and Sherbrooke and Lennoxville Schools.

POSITION OPEN ON STAFF OF MONTREAL BUSINESS MAGAZINE

The Editors of "Canadian Business" have notified the School of an opening as assistant in their Editorial Department. "A natural flair for writing is an important qualification and equally important is the ability to portray the true significance behind the business news. The man we are looking for will be called upon to make a considerable number of personal contacts and therefore should have a pleasant, agreeable manner. The starting salary would be in the neighbourhood of \$125.00 a month, with every opportunity for full development in the future."

While the School has already suggested several names of Old Boys to the above magazine, we publish this item in case it may interest others who may be returning from overseas. Address applications to Bradley B. Gundy, Manager, Canadian Business, 530 Board of Trade Bldg., Montreal.

227

It is election night, a not night and a damp one, with enough thunder in the air to make static the principal feature of radio reception. Our personal interest in the election stretches from Sherbrooke to Snskatshevan. We have just heard that, out west, McNaughton has been defeated. In Sherbrooke County, John Bassett is making a grand fight of it, but he will lose out by a narrow margin because the Independent candidate is not taking enough votes from the Liberal. In Westmount, Doug. Abbott and General Price are running neck and neck. The soldiers' vote may make a difference there.

To-morrow morning the school will climb the stairs of the gym for Morning Prayers of V.E.-2. On Thursday, a spirit of "sauve qui peut" will prevail, and the 3.30 train will carry off the first batch bound for the summer holidays. Forty matriculants and partial matriculants- and a like number of unfortunates who have not achieved promotion- will remain behind to swelter in the customary June heat'.

You will be glad to hear that enlistment goes on in spite of the ending of the war in Europe, and in spite of some national uncertainty about what our part in the Pacific will be. Bill Price and Dave Johnson have joined the Navy; Miko Wallace intends to do so during the summer. Probably there will be only one or two others old enough to join up.

Most of you who are in the Services will be coming back soon, some for good, some en route to the East. Don't forget to look us up. The school wants to see you in the flesh, to welcome you back to the old haunts, to shake you by the hand and say "Thank you." We have no airfield yet, and not even a corvette could navigate the St. Francis, but No. 202 still pulls out of the Windsor Station at 0850 hours. And the highway is good.

Meanwhile, bon voyage.
